

2022 CPD course overview

Our offering for licence holders includes all compulsory, electives, and business skills (for class 1 licence holders) topics required to meet your CPD obligations.

Class 1 licence holders are required to complete 9 hours of CPD per year
3 hours mandatory
3 hours business skills
3 hours elective

Class 2 licence holders are required to complete 6 hours of CPD per year
3 hours mandatory
3 hours elective

What course should I do?

The course you will do will be influenced by your area of practice/interest or the category of licence you hold.

All courses are suited to those that hold a real estate licence, and you could choose any of the clusters suited to your licence type.

If you hold a secondary licence such as stock & station or strata, please choose the course for your secondary licence as it will cover the obligation for both.

For example, I hold a real estate, strata and business licence, to meet my CPD obligations I would choose to do strata (only one required)

Please note stock and station licence holders must complete the stock and station cluster to meet their mandatory topics, this also covers any other licences they hold.

Assessment

Only the mandatory component of CPD is assessable which is done via multiple choice questions at the end of the program.

Quizzes are also provided for the elective and business skills topics for your own reference however are not required to be submitted.

Standalone topics

All topics are available as standalone courses for those that have partially completed their CPD obligations at a cost of \$88 per cluster.

Topics M = Mandatory B = Business skills E = Elective		
	Class 1	Class 2
